SUMMARY

Results-driven Frontend Developer with a passion for crafting responsive, user-friendly interfaces and a proven track record of delivering high-quality web applications. I bring keen eye for design and commitment to creating seamless user experiences

PROFESSIONAL EXPERIENCE

Cognizant

12/2021 – Present

Programmer Analyst

- Developed and maintained responsive web applications using JavaScript framework & library, ensuring optimal user experience across various devices and browsers.
- Reduced API calls by 40% which helped to improve overall performance of web application.
- Collaborated with backend developers to define REST API contracts, ensuring smooth integration between frontend and backend systems and enabling seamless data exchange.

Brainstorm Force

04/2019 – 07/2021

Web Developer

- Cooperated with designers to translate wireframes and mockups into interactive web experiences, maintaining design integrity and functionality.
- Implemented front-end frameworks such as Bootstrap to streamline development and enhance visual consistency.
- Troubleshooted and debugged frontend issues, ensuring timely resolution and optimal performance.

SKILLS & OTHERS

- | | | |
|-------------------|-----------------|-----------------|
| • React | • Angular | • Redux |
| • JavaScript | • TypeScript | • ES6 |
| • HTML5 | • CSS/SCSS/SASS | • Bootstrap |
| • Material Design | • Unit Testing | • Git/Bitbucket |
| • Jira | • Git/Bitbucket | • VS Code |

PROJECTS

IngenioRx Benefits Management Toolset

- Improved code maintainability and scalability by refactoring legacy codebases and adopting best coding practices.
- Integrated APIs and handled data manipulation to enable seamless communication between the frontend and backend systems.
- Developed responsive and user-friendly web-applications, ensuring optimal cross-browser compatibility.

CarelonRx Advanced Home Delivery

- Collaborated with designers to implement pixel-perfect UIs and ensure consistent branding and user interface design.
- Worked with cross-functional teams to gather requirements, mockup, and translate them into functional code, resulting in on-time project delivery.
- Conducted thorough unit testing, ensuring high code quality, identifying and resolving bugs early in the development cycle.

EDUCATION

Indira Institute of Management

06/2016 - 07/2019

Masters, Computer Application (MCA)

Indira College of Commerce and Science

06/2013 – 05/2016

B.Sc.(Computer Science)
